PAINTING COURSE

Italian language lessons in the morning and a painting course in the afternoon.

This exciting course has been created for enthusiasts of Italian art, and is taught by a skilled painter from Todi. She demonstrates all the basic techniques and helps participants paint their own canvases, which they take home at the end of the course.

TEACHING is based on two different learning sessions: The first, looks at a better understanding of the Italian language structure, and how to put it into practical use. The second, focuses on the study of painting techniques that are then applied to students' own works of art.

THE TOWN of TODI is a splendid setting for the course. It is rich in art and history and immersed in the wonderful green countryside of Umbria.

THE COURSE is for a minimum of one week and takes place from Monday to Friday. It includes 20 hours of Italian in group lessons. Painting is at the discretion of the students who can choose a 10, 20, 30-hour (or more) course depending on what they plan to produce. The course takes place in historic buildings near the main square, and students live with selected host families, or in renovated apartments in the center of Todi.
