### Accademia Lingua Italiana Assisi

It is one of the most famous Italian language schools in the world. Founded in 1993 by the linguist Angelo Chiuchì (author of the grammar book *In Italiano* and the *Arte e Metodo* series). Each year the school welcomes students, professionals, men of culture and artists from around the world. The Accademia is located in the historic center of Assisi, considered by UNESCO World Heritage site. Assisi is famous not only for the architectural and artistic patrimony, but also because it is the land of Saint Francis. The Accademia is recognized by the Italian Ministry of Education, University and Research.

## NUN-Assisi Relais & Spa Museum

The Relais Nun is located in the spiritual heart of Assisi, in the highest part of the historical centre with magnificent views of the both the Rocca Maggiore and Minore on the soft contours of Mount Subasio. It is an exclusive 5 star Relais that came about from the careful restoration of the ancient monastery of Saint Catherine, which was originally constructed in 1275 for a community of Benedictine nuns. Its 18 suites are situated a short distance from the center of Saint Francis' city in a quiet natural setting. Our love for history has ensured that this ancient place has preserved the details of the mediaeval monastery, designed along the lines of Benedictine rules calling for a "human city" for individuals. Each ample room is unique, with niches, frescoes, cross-vaulted ceilings and yet with all the modern comforts of technology which pleasantly surround the body and the mind with simple elegant formality in complete harmony with the spiritual nature of the ancient stones.
